REPORT OF VISIT TO WATER TREATMENT PLANT, ABRAMA, VALSAD

An educational visit of III professional B.A.M.S. students to water treatment plant, Abrama, Valsad was organized by Department of Swasthavritta and Yoga on 20-10-2021. 61 students accompanied by two faculties of Department of Swasthavritta and Yoga namely Dr. Aditya Bhat, Associate Professor and Head and Dr. Prajakta Karale, Assistant Professor, visited Water treatment plant, Abrama, Valsad. In this visit the students got themselves acquainted with the functioning of water treatment plant including various steps involved in the purification of water. Mr. Hitesh Patel, Chief Engineer, Valsad Municipal Corporation, explained the process and escorted the students to each unit of the water treatment plant where they could practically see the entire process. Overall, the entire visit was very useful in imparting the practical knowledge of water purification process.
